### 5. Read in context

Read the text. The bold words are from the vocabulary bank.

#### What Success Really Means

Success does not always mean winning a prize. For many people, an **achievement** is something personal, such as improving a skill or reaching a goal.

A student might **set a target** to improve their speaking confidence. With regular practice and **determination**, they can make progress over time.

A **role model** can also help. This person might show how to work hard, stay positive and **learn from failure**.

People often feel proud when they **overcome a challenge**. Even small successes can build confidence and encourage them to try something more difficult.
